Beautifully quiet, easy to handle heifers

Handled With	Bikes , On foot , Vehicles

Notable Traits

	Traits
2 Head	2 calves with minor ringworm around face/eye
1 Head	Slight white on udder of one cow

Assessor Comments	A nice line of one-mark, beautifully quiet tempered, KENNY'S CREEK blood Angus first calvers. These heifers are well developed, displaying good frame & producing plenty of milk, which is evident in the sappy calves at foot, which are already exhibiting excellent squareness & muscling at such a tender age. Presenting in fresh condition, these heifers are just starting to clean up in the coat with the warmer weather. These heifers are demonstrating good maternal traits for their first time around, mothering up immediately when reunited with their calves after assessment, for the photos. A great opportunity to secure top quality young breeders which have calved unassisted, with no stress, to a top quality line of Kenny's Creek sired Angus calves & a lifetime of production ahead of them. A lovely even line of very quiet first calver heifers which are growing out nicely, displaying excellent softness, & nurturing a terrific line of calves.
