Assessor Comments	Very well bred line of dispersal cows and calves. Ex the Drayton Park Stud, whose reputation is one of top quality over many years of breeding. These cows are a medium to large frame, in store to fwd store condition and are doing an excellent job on their calves. The April/May drop calves are fresh and even, fully marked, tagged and vaccinated. Excellent to handle and with a ton of breeding in them, they present as a great opportunity to start a herd from scratch, or build on. Only being offered due to property sale.
