Vendor Comments	Complete flock dispersal, high index rams have always been selected for their superfine wool and worm resistance. History has shown these wethers should cut approximately in the low 16um wool.

Quality Grades		Wrinkle Score	
Very Good	100%	Plain	100%

Assessor Comments	Buyers, our vendor has presented for sale an excellent line of superfine wool Merino wethers for your consideration. These wethers have proven themselves in the past to cut in the low 16 micron wool and sales have topped the Elders sale for Queensland on numerous occasions. With the recent rains across the eastern states and current market conditions, these wethers would suit any re-stocker looking for a quick trade on the wool and grow out on improved pasture or oats then onto slaughter. Alternatively, they have plenty of years ahead to continue producing top quality wool. Breeding rams have been hand selected by a well renowned sheep classer in the New England for their superfine qualities along with high index and worm resistance. Complete herd dispersal due to a change in operations, vendor also has 3 other lots in the Tuesday National Sheep Sale and a mob of mix sex lambs in the Tuesday National Lamb Sale to maximize trucking efficiency.
Assessor	**Ben Hammond (Level 3 Accredited)**

Delivery Period	06/08/2025 to 13/08/2025 (8 days)
