Assessor Comments	**COMPLETE DISPERSAL - PROPERTY SOLD** This lot represents the 2 year old Carlora Merino hoggets joined to Merino rams for a late Sept lambing. Ewes are Feb shorn. Ewes are Greenland Merino blood lines with some hazeldean blood infused. Carlora had a strong focus on wool quality, in particular micron with the mature flock averaging around 17 micron. Sires used were purchased out of the Main Range Merino stud auction last year. All ewes are mulsed & OJD vacc. These ewes would be a welcome addition to any merino enterprise. Tail removed at assessment Please note: Carlora also have SIL 3-5 ewes and SIL ewes joined to White suffolk lamb in the same sale.
