Very Good	80%	Plain	30%
Good	20%	Light	50%
		Medium	20%

Assessor Comments	These lambs present in very fresh condition and are definitely jumping ahead with access to fresh crop since weaning, combined with a barley and 30% lupin mix, which they had access to prior to weaning with there mothers. They have every opportunity and done well and would suit a feedlot or backgrounder situation. They have the start of a good fleece that last year produced 3kg at 6 months of 17 micron and 57mm.
