	Very quiet steers to handle in parts of the yards. As mentioned these are mustered on foot which will explain how quiet they are. There was one steer that was slightly stirry in the crush.		
Handled With	On foot		

Assessor Comments	A small lot of big Brangus feeder type steers that present in store condition. They have plenty of frame and would be ideal to put away onto good feed or grain to get them up to export slaughter specs. These steers look like they are really starting to perform and fill out. all quiet types and good to handle.
