	Cattle were extremely good to handle in and through the yards. They were a pleasure to work with both crush wise and in the bigger yards. They are worked using Low Stress Stock Handling techniques and are used to being grazed in single electric wire grazing cells.		
Handled With	Bikes , On foot , Vehicles		
Assessor Comments	Heifers are good to very good with three head fair quality. Large to medium frame with good weight for age, the top end suit to take as future breeders or all could be backgrounded to domestic feeder weights. These heifers have been raised in a cell grazing operation and are familiar with electric fences. They are an absolute pleasure to handle. Note also the 19 heifers this sale same vendor which are the AA types.
