Assessor Comments	A top quality lien of Droughtmaster heifers suitable to take through to be a very good line of future breeders or take on to heavier weights to suit feedlots. Heifers are very well bred being purchased from Eddington Droughtmasters, Julia Creek. Cow and calf units purchased and these are the heifer portion of the calves. No heifers were retained by the vendor. Although being unweaned, majority have weaned themselves and are not carrying any excess condition. Heifers show good very good bone and type and very good feminine characteristics. Photos of cows attached to show breed types. Bred out of large frame Droughtmaster cows by top quality sires. Quality well bred heifers. Steer portion also available this sale.
