	Traits	
	10 Head	Old pink eye scarring
	2 Head	White on Belly

Assessor Comments	A quality line of 77 Angus heifers bred on Sandy Camp, Quambone. These heifers are sired by TeMania & Pharo Angus bulls, renowned for their performance and consistency. They are out of large-frame Angus cows, giving them plenty of stretch and growth potential. At 10–11 months of age, these young females present an excellent opportunity for buyers looking for quiet, well-bred cattle to take on and suit a wide range of programs. They have been well handled, are very quiet in the yards and paddock. A genuine offering of future breeders or feeders that will fit seamlessly into any operation.
