	These heifers were a dream to handle, no real rush about them. 5 maybe got a tad agitated, but quickly calming back in mob. Can't pat them. Please see video attached of vendors Grandson helping muster these heifers.		
Handled With	Bikes , Dogs , Horses		
Assessor Comments	Buyers 23 heifers averaging 335kg at assessment, best described as "flat backs". Heifers were purchased ex Inverell store sale July and are a put together mob. They have done very well on the oats and no doubt should continue to do so if given the opportunity. Please refer to photos and videos to satisfy breeds as it is merely more for descriptive purposes. Please note at least 5 heifers seen with slight ring worm and 1 heifer seen with small wart, nothing detrimental.
