Assessor Comments	A cracking line of *EU Accredited* feeder steers full of frame that have just started to really perform on crop in the last 24 days. Steers are a combination of vendor bred (81hd) and the balance purchased out of Southern Weaner sales. These steers ooze quality, frame and bone without being over done off the crop, They were given a drench, 5in1 and their first Bovilis on the 16/7/25 and are just starting to clean up in the coat. 6 Decks of the highest quality EU feeder steers to be sold full less 5% weighed on the neighbouring properties registered weigh bridge.
