Generally, steers good to work with, being typical of station cattle steers will run under pressure but i didnt find steers to be aggeressive in anyway and was happy with how well they handled.

Handled With: Bikes , On foot , Vehicles

Notable Traits

	Traits
1 Head	Very slight blue eye

Assessor Comments: 156 top quality steers all weighed between 360-480 kg and will be sold as two even runs ouit the gate. These steers have a heap stretch in them and will have plenty of compensatory weight gain in them for prospective purchaser. The Yammatree steers are highly sought after by several major feedlots, and we have good feedback on their performance in feedlots and iu would see these steers as beinbg no exception to that at all. Please note there are also 400 younger steers

	in todays sale.
