Assessor Comments	A nice line of Black baldy and Angus x santa steers. These steers have been purchased out of New England sales. A good opportunity to purchase a line of steers in forward fresh store condition and compensatory weight gain is to be had. steers are starting to go freshen up and lose winter after a tough winter. These steers show great frame, length, bone and given the right opportunity will suit feeder or export markets. Buyers please note 2 steers treated for pink eye at assessment
