Assessed on a very windy day & they haven't been handled too much at all. They were not aggressive but were agitated. It is my belief they can be settled down with the proper handling.

Assessor Comments Nice even line of 268kg Hereford & Hereford cross heifers. Dec/Jan 25' drop. Paddock weaned 3 weeks ago. They have good fleshy skins with plenty of frame and great growth for age. At only 8-9 months of age these calves have had a good

	start to life and will continue to go ahead given the right opportunity.
