Vendor Bred: No
Vendor has owned stock for 6-12 months

Stock History: Purchased as baby calves in saleyards. Weaned immediately at that point.

Lifetime Traceable: Unknown

Grazing Conditions: Access to renovated pastures as well as Barley grass paddocks. Were being fed bread previously at vendors small farm, hence why they are in good condition, prior to commencing Agistment at current location.
Returned same

Burr/Seed in Coat: No Burr or Seed of weeds declared noxious observed in the coats at assessment

HGP Status: The owner declares that the cattle have not been treated with HGP at any period of their lives

Vendor Comments: Cattle present in better than forward store condition due to the daily bred scraps and vegetable scraps they were being fed up until 4 wks ago, before commencing Agistment at current location. Lovely quiet steers.
