	Quiet: 30 head	Quiet: 30 head	Temperament not assessed in Paddock

Steers worked extremely well through the yards. Have been educated and weaned properly and I would suggest come from a herd that selects heavily on temperament.

Handled With	Bikes , Dogs , Horses , On foot
Assessor Comments	30 well educated, extremely quiet, mostly very good quality, soft steers bred on good country that has given these steers a terrific start in life. These steers are renowned good doing cattle and are expected to power ahead on good quality feed or crop. They are soft enough to suit backgrounding through to trade weight feeders and have enough frame, shape and quality to take through to export feeders or kill weights. These steers are in ticky country but were treated at assessment and vendor offers them guaranteed clear at Taroom dipping yards for buyers wanting to purchase them in clean country. Vendor also has a further 2 lots of steers in the same sale.
