Assessor Comments	Weeran Angus are offering 10 Angus Heifers, March/April 2024 drop as a part of their annual female sale. Sired by the likes of Witherswood Bronc CWJP0197, and Landfall Mainland- TFAQ494, these Autumn drop heifers are from leading performance sires that have left a large footprint in the Weeran Angus breeding program. On the 18th September they were given a Coppernate Injectable, drenched with Trifecta while also receiving their second 7 in 1 & selenium. The above heifers will accompany 90 spring 2024 drop heifers which have been split into sire lines, therefore giving the perspective purchaser the chance to secure smaller lines of heifers to either top up numbers in their herd, or start fresh with magnificent breeding! **Please note: Weeran Angus also have 53 Heifers, 2 & 3 years with C.A.F in the Eastern States Sale.**
