Quiet: 108 head	Quiet: 96 head	
Slightly Stirry: 7 head	Slightly Stirry: 21 head	

	Steers were good to walk through in the yards and take photos. When working through the yards they were easy to block but at times did rush in the race prior to the crush. At the time of the assessment these weaners were on their first trip up the crush and once weaned should settle down well.

Notable Traits	
	Traits
4 Head	Old blight scarring

Assessor Comments	Offering 130 quality Angus Cross steers. These well grown steers averaged 318kg live at assessment and were unweaned with the steers going back on their mothers until delivery. The steers have all been sired by Texas Angus bulls out of large frame cows. The steers are a nice line of vendor bred cattle to put away and grow out to heavy feeder weights. Please note 4 steers were noted with old blight scarring. Also note there are another 104 heifers from the same vendor in the sale today.
