	Extremely quiet line of heifers that are well handled		
Handled With	Bikes		

Assessor Comments	Buyers, Here is a top quality line of weaned Angus heifers that would make great future breeders with no heifers being retained, showing great breed characteristics averaging 261kg . These heifers have good length of body with depth of flank. Heifers are very soft smooth easy doing types with nice volume and breed characteristics. Heifers are bred out of large frame Angus cows by top quality Clunie Range & Ascot stud Angus sires. They were extremely quiet to work through yards. Heifers are Grass only eligible & Antibiotic free. Note 4 heifers have small old blight scaring but not detrimental, 5 heifers have small white marks on underline. Heifers have old lice rub marks but clearing up. Vendor has steer line in same sale.
