Assessor Comments	A good run of vendor bred ewe Hoggets (lambs cutting 2 teeth) presenting in very good order and weight for joining. Shorn and ready to go Gudair Vaccinates 6 in 1 plus booster.Being offered in runs out the gate . An ideal opportunity to secure future breeders that will continue to grow given the spring flush .These ewe hoggets are surplus to the vendors requirements for the upcoming season therefore are going on the market to make way for new season lambs.The combined properties produce in excess of 20000 prime lambs annually and have found this particular cross ideal for their country & breeding requirements producing heavy trade to export weight lambs annually,with the ewe flock very maternal with great lambing % . Lambs are sold as a run out the gate , Approx freight cost Tas - Vic $12-$14 per head. Inspections are available pre sale by appointment with Warren.All ewes in this lot weighed through the autodraft 40-50kg at assessment. Vendor has multiple lines in this sale.
