Notable Traits		
	Traits	
2 Head	Old pink eye scarring in one eye	
1 Head	One heifer had a slight rise/bump on back bone, not deemed detrimental.	

Assessor Comments	A Good neat even line of majority Angus x Angus heifers that a majority vendor bred. Heifers are rising 2 years old and are at perfect joining weights to put to the bull of your choice. Heifers are bred from quality Eastern Plains, Coffin Creek & Furracabad Angus Genetics and would be normally get kept as replacement breeding stock but are surplus to requirements this year. Heifers present in good condition as they are starting to clean up from their winter coats and some heifers were showing signs of cycling as well. Heifers are also very suitable to put straight on to feed or finish on grass for a domestic trade job, Grass fed and antibiotic free eligible as well.
