Assessor Comments	A great opportunity to secure some very highly regarded southern genetics, A quality run of Te Mania Angus blood heifers from a long-established team Te Mania herd. Originally purchased as vendor bred weaners from Glencoe Farm Trust from the Mortlake area earlier in the year, well renowned for their marbling capabilities these Te Mania blood heifers make for perfect future breeders but also tick all the other boxes relating to all other grass fed or feeder markets. Heifers came out of very dry conditions in the south and have turned inside out with the help of a fantastic spring here in the New England thus presenting in great condition and stand at great joining weights ranging from 315 to 380 kg full at assessment to average 338 kg over the the 68 head. Heifers will be sold as a run out of the gate presenting a great opportunity to replenish your herd with some renowned genetics either buying a lot of 34 or a combined lot of 68 Heifers.
