Assessor Comments	Offering a neat B-Double load of very well bred 610 Karbullah Blood Classed Ewes Merino Ewes. Freshly shorn (8th Jan 2023) and are ready to be joined Borders or Terminal Sires, but also have enough style to join to Merino and boost flock numbers. Purchased as two lines of classed Karbullah Blood Merino ewes (July/August 2016 Drop), had 150% lambs weaned from them prior to shearing and are ready to really do. They have not been backline or drenched for processors ability to purchase. A great line of ewes that would be an asset to any breeding or trading operation. 5% do have scurrs. Please note that 2 Border Leicester Rams were Removed in October and 3 rams again removed at shearing, this was all unintentional. From the sample ewes presente very good sound mouths, 10% slightly worn while the balance had good fresh sound mouths. These ewes have recovered well from shearing and take note that these ewe have had a good cufew and handling, being in and out of yards over the past few weeks.
