Assessor Comments: A very even and well-presented line of extremely quiet, well-handled Hereford steers. These steers display excellent temperament, standing calmly in the yards and moving freely when required—an ideal feature for feedlotters and backgrounders seeking low-stress cattle. Cattle show plenty of stretch, frame and bone, offering strong potential to grow into heavy export or domestic bullocks. Their softness, structure and natural growth make them well suited to a feedlot

	program, while their temperament and handling history will add value in any operation. A genuine line of quality young Hereford steers with standout quietness and the frame to power on. 1x Hereford steer has an old pink eye scarring, not detrimental.
