Assessor Comments: 8 Good quality weaned angus steers. Bred by AI to Chiltern Park Moe M6 and backed up by Jade Park Rangeview R72, these weaners are well weaned and a pleasure to handle. Displaying excellent growth and weight for age considering one

	of the tightest seasons in the Northeast. Often enjoying repeat buyer competition at local weaner sales, these steers represent a great opportunity to secure top class genetics, ideal temperament and quality to take them through as grass fattened cattle or background for any of the feedlot specifications.
