Notable Traits

	Traits
1 Head	Calf had abcess on jaw, drained at assessment & treated.

Assessor Comments: A well-put-together line of proven Simmental/Fleckvieh females with strong breeding backgrounds. These cows have an excellent track record for producing top-quality calves — with heifers consistently meeting export demand and steers highly sought after at the annual Myrtleford sales. Cows are demonstrating impressive longevity, running on hill country yet still doing an outstanding job rearing sappy, growthy calves at foot. These are genuine, productive females— ready to join to the bull of your choice.
