These cows were purchased as yearlings in 2022, & grown out further to retain as core breeders. Cows are classed-in proven breeders, at the absolute height of their production, exhibiting good to large frame along with very good body length & shape & are presenting in very forward/fresh to prime condition, & doing a terrific job nurturing their 3rd calf. The excellent quality calves at foot have been marked & vaccinated at assessment, with a lions share of steer calves, out numbering the heifers 13 to 6. Calves are solid, sappy, & displaying exceptional carcass shape & softness, & are about as good a quality as you're going to find, with a high depth of top MILLAH MURRAH genetics throughout cows & calves alike.
