Assessor Comments	A top quality line of young ewes, with plenty of breeding gone into them. They are from a heavily classed flock with these ewes representing the middle run of this drop. They run on well farmed cropping country (No know Bathurst burr on farm) and are well handled. Buy with confidence these lambs will mature into quality ewes, all previous buyers have been very happy with stock. Note older sisters in same sale. One ewe assessed had a caramel spot on rump.
