Assessor Comments	The Shea family of BARFOLD BEEF offer an outstanding line of 2nd calving classed in Pure Te Mania blood cows. Only being offered for sale due to a shift to solely spring calving, these are the tops of the drop and will not disappoint. From renowned central Victorian herd this represents a great opportunity to secure front paddock cattle. The autumn calving herd has seen an extensive AI program for over a decade using top Te Mania sires. These particular cows go back to Te Mania Garth & Gaskin on their dams side. They are by VTMR604 ($20,000) and are PTIC to VTM21S221 ($18,000) These breeders will compliment any operation. To ensure purchaser's satisfaction cows will be re preg tested before delivery
