Vendor Comments: Annual sale of 2024 drop steers. When season allows these steers are fattened for the processors.

Temperament	Yards	Crush	Paddock
	Quiet: 60 head Slightly Stirry: 3 head	Quiet: 55 head Slightly Stirry: 8 head	Temperament not assessed in Paddock

A few steers were a little unsettled on the scales but settled once back in the mob. They prefer to be in the mob rather than singled out. Being fed hay has these steers comfortable with human interaction and they move freely with pressure. These steers have been well handled.

Handled With: Bikes , Dogs , Horses , On foot , Vehicles

Assessor Comments: Vendor bred poll Hereford steer weaners with years of Wirruna Poll Hereford genetics invested into the herd. Presenting in store condition having the frame and with minimal fat cover offering immediate compensatory weight gains given quality feed. They are 100% grass fed and antibiotic free and Greenhams Never Ever accredited. These steers are typically fattened to kill weights and are only being offered for an early sale due to the tight season. Benambra Pastoral was awarded MSA's Top 100 Producer 2023 for previous progeny sold to slaughter in 2021-2023. A true testament to the performance of the genetics invested into the herd. Breeders cattle that endured a tough autumn but are now going forward. Presenting profitable trade options for the successful purchaser given the position of the cattle market currently. Realistically reserved.
