Quality Grades	
Very Good	100%

Assessor Comments	Good quality line of Composite ewe lambs showing great shape and depth of body. Vendor has been on Cashmore/oaklea Genetics for over 10 Years and regularly marks 160% lambs from mature ewes showing the high fertility within this flock. Under the right conditions these future breeders would be a great addition to any Composite breeder's flock or simply an excellent prime lamb mother with terminal sires used.
