Assessor Comments	*Excellent opportunity too secure high Quality Breeding Ewes* 185 x 3.5YO 1st Border Leicester/Merino Ewes. All Ewes were purchased Ex W V James & Son - Cooranga and are highly fertile and produce some of the best sucker lambs in the south east. These ewes are of large frame and in forward store condition. The ewes have had access to Paxton White Suffolk Rams for the past 10 weeks @ 3% without being detectable, 1st of December is normal joining for these ewes. The First 4 weeks of joining have been scanned in lamb & sold Seperate. The entire flock of ewes have always scanned at 90-93% in lamb & given the season we would have no reason to believe this wouldn't be the case given time. These Ewes will not disappoint the successful purchaser and will go on to being beautiful mothers for some time. *Reluctant sale of ewes due to the sale of a lease property*
