Assessor Comments	One mark Angus and Angus x Fresian heifers with their first calf at foot. Calves averaged 80kg at assessment and are sired by a black Angus/Santa bull. These calves will make terrific vealers with 15 males and 7 females. Calves can be marked prior to delivery at purchasers request. These heifers have been well handled and are a pleasure to work. They are extremely quiet when settled in the paddock and are giving plenty of milk to their calves. The hard work has been done and these heifers will make great vealer producers. They are putting everything into their calves and have a good offering of milk. Offering years of production and realistically reserved.
