Temperament	Yards	Crush	Paddock
	Quiet: 48 head Slightly Stirry: 1 head	Quiet: 37 head Slightly Stirry: 12 head	Temperament not assessed in Paddock

Quiet through yards and a pleasure to handle. Odd heifer didn't settle immediately when being weighed through crush. They were not agitated it is just evident they haven't been handled through the crush extensively.

Handled With	Bikes , On foot , Vehicles
Assessor Comments	A run of one mark Angus cows rising 3 years PTIC to Yandilla blood Angus bulls. These rising second calvers are proving highly fertile with 100% conceiving from a 6 week joining after calving as 2 year olds. These cows were purchased as PTIC heifers in December 2021 and originate from WV James and Son "Cooranga" Naracoorte SA. They offer the successful purchaser the chance to start or add these breeders to their existing herd or present as a trade proposition to calve down and sell with their second calf at foot. Yandilla Angus breed large framed Angus based on Te Mania and Milla Murrah genetics and are located in Central West NSW. Bulls were joined from the 24/06-06/08 to calve from early April - mid May. Please note 10 head have white on udders with a further 3 head having white markings to their navel or beyond-refer photos. 2 hd have old pink eye scarring and still have vision. Quality young cows with quality calves due autumn 2023. Should you require any further info please call.
