Assessor Comments Quality line of NSM Angus Heifers with Angus calves at foot. These first-time mothers are doing an excellent job on raising their calves. Calves at foot are sired by high indexing Bongongo Angus sire P004. Ranging from 63kg to 100kg to average 81kg at 4 to 8 weeks of age with 4 females & 9 males (calves are unmarked). These cattle on offer have 30 plus years of Angus breeding running through their blood, with the vendor selecting high indexing sires from Bongongo, Milwillah & Hardhat Angus studs, with a focus on 400d/600d Growth, Positive fats, Milk, Temperament & Fertility. These females will mature into highly productive breeders which will offer great genetic gain for the purchaser running a self-replacing herd. Buyers, please note a couple of females noted with white on their udders and one female with white on her navel. These females are ready to be re-joined to the sire of your choice. Great opportunity to secure quality Angus heifers & calves.
