Assessor Comments	A small group of well-bred cows and calves that are part of a staged dispersal by the vendors. One cow has some cracking in one foot and long claws on two others, and another cow has long claws on one foot. The cows mostly carry their weight well, one cow does labour a little walking with the feet, (See the last cow to appear in the video.) There is the opportunity to buy 4 of their younger sisters (27-28 months) that have their first calf at foot, and 3 heifers (16-17 months) and calves in the same sale.
