Assessor Comments	A nice line of vendor breed EU Accredited Grass Fed eligible Angus weaner heifers. Heifers present in healthy condition and would be ideal to take on to a trade/feedlot or retain as breeders. Calves are sired by quality Dulverton genetics. Calves were good to handle in yards. Calves have been yard weaned in March. Buyers please note odd blue eye and splash of white on underbelly, not deemed detrimental. Please note vendor also has 20 EU steers in same sale
