Comment on Fat Score 1 Cattle	Well bred calves ready to perform.
Vendor Bred	Yes
Stock History	Product of Pure Angus hfrs and cows, Waitara blood Sires, over station bred females with Waitara, Pathfinder, Lawson's and Te Mania background.
Lifetime Traceable	100% of cattle in this lot are Lifetime Traceable
Bloodlines	Waitara blood. Pathfinder, Lawson's and Te Mania background.
Grazing Conditions	Natural rye grasses and clover based herbage. Dry summer feed over lay. Returned to: Yard weaning on good quality cereal hay.
Burr/Seed in Coat	Plenty of clover in swish. Could be a possibility of a Bathurst burr.
HGP Status	The owner declares that the cattle have not been treated with HGP at any period of their lives
WHP/ESI	Cattle are within a Withholding Period or Export Slaughter Interval for: Cattlemax as of 15/12/2025 for 42 days

Health Treatments	Drenched	15/12/2025	Cattlemax	
	Vaccinated	15/12/2025	7 in 1	First Dose

Vendor Comments	Annual draft of top line Heifer weaners. Normally always kept as replacement breeders.
Joining Details	Not Station Mated
Any Access To Bulls or Stags?	To vendor's best knowledge, this lot has had no access to bulls or stags.

Quality Grades		Store Condition	
Excellent	90%	Fwd Store	100%
Very Good	10%		

Temperament

Yards	Crush	Paddock
Quiet: 124 head	Quiet: 88 head	Temperament not assessed in Paddock

Temperament is never a problem at Haddon Rig, these calves have only just come in and will be handled through the yards a couple more times before delivery. The cow herd always handle well and it flows on to their progeny.

Handled With: Bikes , Dogs , Vehicles

Notable Traits

	Traits
10 Head	blue eye scarring

Assessor Comments: A line of 124 top of the drop vendor bred heifer weaners. From a line of excellent quality cows. All top quality genetics used from premium bloodlines. Waitara Angus are bred to be fertile, functional, medium frame, mid maturity females that calve at 2 years of age and every year after. Haddon Rig's Angus herd have always been performance cattle with above average performance at major feedlots. These cattle also do equally as well as grass fatteners, with moderate frame sizes and early maturity along with good IMF figures facilitating good carcase data. Vaccinated with 7 in 1 and backlined with Ivomectin at assessment, these heifers are paddock ready upon delivery. Ideal premium quality cattle. Can sign a grass only declaration for grass, if needed. All calves with active pink eye also removed at assessment. A handful of light heifers were removed from group at assessment.

Assessor: **Ashley McGilchrist (Level 1 Accredited)** Phone: 0427 280 773
