Assessor Comments	25 Angus X Angus heifers in store condition, averaging 235.9kg at assessment. These heifers are 6-10 months old and are bred from quality 'Minku Angus' cows sired by 'Crosby Angus' bulls. They were quiet and good to handle throughout the assessment. They were weaned onto natural summer grass in store condition. This is a regretful sale for vendor as heifers are usually grown out into heavy feeder cattle, but with the tightening season a great opportunity presents to buy some quality future breeders or heifers to background. Buy with confidence.
