Assessor Comments	A lovely line of well mannered first calf heifers PTIC. Heifers are in calf to "Texas Angus Maverick R790" as well as sons bred by that particular bull out of stud cows. The details of the registered bull will be in photos. These heifers possess good frame and are all 16 to 22 months of age with their whole breeding life ahead of them. They were very good to handle during assessment and will make a great little line of young cows. They have all preg tested in calf and are set up for late winter through to early summer calving. Certificate in photos. Please note vendor also has 32 Ptic cows and 15 Ptic Stud cows in same sale.
