|---|---|
| Assessor Comments | An excellent opportunity to purchase classed in PTIC Angus Heifers due to calve in Aug/Sept for 6 weeks.Heifers are Rennylea and Hazeldean bloodlines and are joined to low birth weight Rennylea and Hazeldean sires. These heifers would usually be retained to calve down in the spring, although due to very tough seasonal conditions on the Monaro and winter just around the corner, brings these heifers onto the market. Heifers would fit into any existing breeding herd or would be an ideal trade opportunity moving forward. Please buy with confidence. |
