Assessor Comments	A lovely line of Simmental Heifers and Calves, these heifers were purchased from Blue dog Simmentals 'Wandoan QLD' and calves at foot are sired by the Ireland Angus Bulls. A rare opportunity to secure a nice line of quality Simmental and Simmental x heifers that will continue to grow and develop into large framed matrons, these heifers are carrying an abundance of milk and are doing an extremely good job of turning the young calves into vealers. Please note there is a 3 week age difference between the youngest and the oldest calf as they were drafted out from their sisters as they calved. There is 13 steer calves and 11 heifer calves. Please note vendor has another lot in this sale 19x19 head, a wonderful opportunity to put together 43 one mark very hard to find Simmental heifers and calves.
