Docile: 6 head Quiet: 5 head	Docile: 6 head Quiet: 5 head	Temperament not assessed in Paddock

Very quiet females to handle and would even suit the most novice of cattle handlers. Drafted easily off their calves and walked through the race and crush with ease.

Handled With: Bikes , On foot , Vehicles

Assessor Comments: Lovely quiet vealer mothers bred out of large framed Friesian cows by quality sires and displaying ample frame which suggests they will develop in to predominantly large frame vealer producers. Calves at foot are by a Snowline Speckle Park sire and are very well marked with all calves showing predominant Speckle Park markings in their coats. All the hard work has been done with the calf on the ground, and the mothers displaying good udders and doing a good job on their new calves. Heifers have an excellent temperament and can recommend to cattle handlers of all abilities. No bulls have been near these heifers and are ready to join.
