Assessor Comments	On offer is a deck of top quality Angus steers that would be the perfect article to go onto feed or background further on grass. These steers present with lots of bone and length and have plenty of frame and thickness to carry themselves onto heavier weights. They are in fresh, forward store condition and are very well bred out of Gilmandyke and Redbank Angus sires. In the past these steers have been grown into heavy export bullocks however due to the season drying out the decision has been made to sell them at lighter weights. Averaging 445kg at assessment, these steers are really just starting to hit their straps.
