Assessor Comments: Vendor bred angus steers,ready for the feedlot. These cattle have had years of breeding and dollars put into them for performance and quality. steers have done really well throughout a tough winter and boomed away as the spring hit. 1 steer with a white patch underneith. The odd steer with old pink eye scarring from hay in the autumn and winter. this vendor has 4 lots of feeder steers in this sale,308 total. A great line to secure for any feedlot
