Assessor Comments	Offering a genuine line of very well bred Shorthorn steers that present with high compensatory growth potential. Given the right opportunity these steers will steam ahead and will either make ripping feeder steers or genuine heavy bullocks. They have given great satisfaction to past purchasers. They have endured a tough winter on hill country, making them the perfect line of steers to do a job with. They are bred from large framed Royalla blood shorthorn cows sired by Royalla blood bulls, bulls have been selected for high carcass indexing figures. Steers that will perform Please note vendor has heifers in same sale
