Assessor Comments	A small line of heifers and calves that have had an opportunity back to a Glenara Angus bull since 27/10 and present an opportunity to purchase some very well bred females to add to a herd. Sourced directly from the highly regarded Bowmans Forest P/L herd where no expense is spared when sourcing bulls from Alpine Angus. All health treatments are up to date, the heifers have had a full drench, 5in1 and AD&E and the calves have been marked and vaccinated. These heifers are sound, long bodied, feminine types that will produce good calves for years to come.
