Assessor Comments	158 good quality steers that will be sold as two even runs out the gate of 78. These steers have been on feed since early October and have done exceptionally well, they still have plenty of frame to keep doing so for prospective purchaser and with all the hard work done in getting them started should make for a very easy transition into any feedlot. The Yammatree steers are highly sought after by several major feedlots, and we have good feedback on their performance in feedlots.
