Notable Traits	

	Traits
1 Head	Lambs marked at assessment

Assessor Comments	An even line of Poll Dorset/Merino mixed sex suckers, February/March 2026 drop, bred out of good frame Mumblebone blood merino ewes by the Marocara Poll Dorset rams. There was a big tail of 400 head drafted out of assessment. They were weaned mid May and have been educated to grain. Recent weanerguard and drench these lambs would power ahead on good feed. 1 ewe lamb with long tail and will be marked prior to delivery. Odd lamb with stain around tail from fresh grazing crops. A great opportunity to secure young lambs to fatten into what is expected to be a strong lamb market moving forward.
