	Good females to handle through the yards. Some showing a small amount of anxiety at times, in the yards and crush. All walked through the race well, just a few doing some stomping in the crush, which to be fair - was a very tight fit for some! Which would of contributed to their nervous behavior. Good to walk through in the paddock for photos, but some just having a bigger flight zone than others, and wanting to push in to the mob and move to the back.

Assessor Comments	*Herd reduction sale* 3in1 units. Truly magnificent line of pure Dunoon blood females. Enormous weight, coming in at over 700kg, 7 hours off feed, and at only 2 1/2 years of age. Just imagine these girls as 3rd calvers! Not a single bit of them is lacking production or yielding potential. Length, depth & width. They've got it all, and they've passed all those genetics on to their calves, which have never missed a feed. If you're looking for a line of big, proper matrons to carry those high birth weight calves and hit the ground running, then these are the perfect article. Easy keep females run behind single wire fences on an ex dairy farm. These are an exceptional line of young breeders to take on. Hard sale, brought on by a change in operation and reconditioning the dairy. Note. 2 Heifers noted with a white splash on their flank.
